Section C - RESOURCE & COMMUNITY COORDINATION

1 - Do you share resources in any significant way with other agencies (e.g., maintenance/ mechanics, vehicles, staff/drivers, facilities, marketing, insurance, fuel purchases, training, bilingual programs, etc.)? If yes, provide a brief description.*

YES

Description
(700 Characters Maximum)

This project, a shared bus storage facility, will be a significant step towards a greater sharing of resources between transit operators serving Teton County, ID. The City of Driggs heads the Teton Valley Mobility Advisory Committee and collaborates with the City of Victor, Teton County, as well as private businesses, public transit operators (START, TRPTA, Grand Targhee Resort, Teton County School District, Seniors Center) and non-profit organizations (LINX/YBP, Teton Valley Trails and Pathways). This group coordinates with the District 6 Mobility Manager to solicit community input on mobility needs to update the LMMN 6B mobility plan, identify and prepare grants for other sources of funding, coordinate services and routes, discuss infrastructure and rolling stock needs and inventory resources to maximize efficiency of mobility operations in and around the community.

2 - Have you realized any measurable or quantifiable savings in costs directly through, or as a result of, your coordination efforts? If yes, provide a brief description.*

YES

Description
(700 Characters Maximum)

The TVMAC estimates that we have saved \$100,000 in mobility-related funds through our coordination efforts. We have identified where existing rolling stock was not being utilized and made plans to maximize use. Through our marketing coordination efforts we have increased rider numbers in the community by 4% and this number will go up significantly when we implement the FTA funds in 2012, we have avoided costs of acquiring inadequate facilities for rolling stock storage through coordination of multiple provider's needs and we have avoided mobility planning costs that would have otherwise needed to be paid for by local governments to outside contractors.

3 - Describe your efforts to work with other organizations, agencies, businesses, and other appropriate community interests in order to provide service (e.g., employers, medical centers, social service agencies, visitor services, activity centers, etc.). * (Enter N/A if not applicable)

2012 GRANT Pre-Application

<p>Description (500 Characters Maximum)</p>	<p>Through the Teton Valley Mobility Advisory Committee we have reached out to several community agencies and organizations that represent all community service sectors. We have solicited input on their needs through community meetings, LMMN planning meetings and community surveys. The TVMAC group has strived to keep community decision-makers informed of the progress and challenges the community faces with regard to mobility so they can better support efforts. Specifically, Grand Targhee Resort is working with TRPTA and START to modify route schedules so that Alta residents can ride transit to Driggs to catch the commuter bus to Jackson and so that Rexburg residents can ride transit to Alta, WY and Grand Targhee Resort. The City of Driggs is working with START and various transit providers to provide for bus storage and maintenance facility needs. The TVMAC group is working with the School District to identify and plan for school children's transit needs. TVMAC is helping to identify mobility needs that will be included in the Teton County Comprehensive Plan updates that are currently underway. The TVMAC group is working with different municipalities to identify the best locations for bus stops and transit centers, signage and promotional display areas. TVMAC is working with the Chamber of Commerce, the Teton Valley Foundation, LINX and Grand Targhee Resort to promote mobility services and future plans to the community and potential visitors through website updates, comprehensive route schedule development, and spreading the word through the community.</p>
